COLLYER BRISTOW LLP and Mr. Patrick Wheeler.

Their own statements found in correspondence that they lodged with the court themselves, confirming and proving:

2). Statement from Mr. Patrick Wheeler confirming that there isn't ANY correspondence from myself (Richard Perry) to either FH Brundle or Collyer Bristow LLP alleging ANY offence AT ANY TIME prior to 5th October 2012.

The relevance of the above will become apparent after reading the proposed witness questioning document and when this is related to the 20 Section White Numbered Bundle.

RE: Outcome of Application Notice and Oral Appeal 9th March

CH2016 000189 / IP2015000090

Dear Sirs,

Further to the Application Notice hearing that took place on 27th February (yesterday), I was told by Mr Justice Mann that the oral appeal scheduled for the 9th March is still going ahead.

One of the things that came out of the hearing was that I am supposed to have filed an appeal bundle for this hearing as well, which I haven't yet done. I was told that you need 7 clear days to put in any response to this bundle.

To save duplication and resending of the very same 20 section numbered document that I sent on Friday and which you signed for yesterday, would you please look through this document and confirm by 3pm tomorrow 1st March 2017 that all of the documents in the bundle were submitted to the court by your firm in CC13P00980 and the related bankruptcy proceedings, with the exception of the only document in Section 13 of the 20 section bundle numbered as pages 53-58 of the bundle.

I point out to you that as I only had one copy of these documents given to me by your firm, I have made annotations and notes on some of the documents in this bundle that I have submitted and intend to rely on in the oral hearing. I would like you to confirm that the documents are a true and accurate copy of the documents which you submitted to the court to bring or use in proceedings against me and if you dispute or contest ANY of these documents, then please send to me your own copy that does not have my notes and annotations on them. The printed content and your own numbering should still be exactly the same.

Sincerely,

Richard Perry

BY POST AND EMAIL

28 February 2017

Dear Sir

Application for Permission to Appeal against ECRO CH-2016-000189; and IP-2015-000090

We acknowledge receipt of your letter dated 25 February 2017 attaching a bundle of documents with tabs 1 -20. We also acknowledge receipt of your letter dated 28 February, sent by email.

You ask for our confirmation that all of the documents in this bundle were submitted to the Court by this firm either in action CC13P00980 and/or the related bankruptcy proceedings at Bath and Bristol County Courts. We enclose the index for the bundle for the trial on 23 January 2014. The bundles are in storage and we are unable to retrieve them in the time you have specified.

X The documents at tabs 1 – 11, 14 – 16, 18 and 19 all appear to have been included in the original trial bundle. We are unable to confirm that the documents at tabs 12, 13, 17 and 20 were included in any court bundle. X

We understand that the oral hearing on 9 March is limited to seeking permission to appeal against the Extended Civil Restraint Order made on 25 September 2015. As we stated in our letter to the Court dated 24 February, the application which you have issued to seek fresh evidence was incorrectly issued since it did not comply with the terms of the ECRO. You have now written to HHJ Hacon request the court to grant permission, and he has indicated that another judge will have to make that decision. We believe that decision will need to be made by that judge on the papers. If you have not received that decision before the hearing on 9 March, we do not believe that the court hearing your application for permission to appeal can rule on whether or not your application to seek fresh evidence should be allowed to be issued or not.

Proposed witness questions
If and to the extent that the Court wishes to hear our views on your proposed application, on the basis of the material that you have sent to us we consider your proposed application for fresh evidence to be utterly without foundation and a waste of the Court's time and resources. In your letter to Mann, J dated 24 February you mention a 36 page document which you have not sent to us, so we are not in a position to comment on that.

Yours faithfully

Collyer Bristow LLP

RE: Reply to your letter of 28th February - 20 page bundle.

CH2016 000189 / IP2015000090

Dear Sirs,

Thankyou for your letter this morning that confirms you submitted the documents in the 20 section white numbered bundle to the court to issue proceedings against me or use in proceedings against me known as CC13P00980.

You have confirmed that you submitted documents found under:

Tabs 1 - 11, 14 - 16, 18 and 19.

You state you are unable to confirm whether or not you submitted documents found under:

Tabs 12, 13, 17 and 20.

Therefore:

Tab 12 was submitted to the court by your firm and you have numbered it as page 10 and was in one of the grey folders you sent me – it think the one you labelled ‘miscellaneous’.

I did say that Tab 13 is a copy of the letter emailed to me from KOB law firm acting for Betafence in 2012 and this copy you did not submit as it is my copy from KOB received through my email. This copy of the email and letter I received from KOB found under Tab 13 is confirming that it is the same letter as the one you **did** submit found under Tab 6, which you also confirm in your letter received this morning.

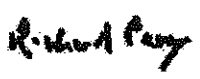

Tab 17 is part of the patent opinion request that you state you have received because you refer to the opinion request in another of your letters also used in proceedings. Although you may not have submitted this particular letter itself, but you at least have a copy of it now.

Tab 20 is a quote for the alleged infringing product from FH Brundle to my construction business 'Blackrock Construction' which you have numbered yourself as 'C.89, C.90. C.91, C.92' and submitted to the court with your other 'C' range documents such as that found under Tab 9 which is a copy of your letter of 15th October 2012 that you submitted to the court.

My question to your firm was to confirm you have submitted these documents found in the 20 section white numbered bundle that you have confirmed you have received and related to in your letter received today, however the other aspect of my question is: can you confirm these are true and accurate copies of those documents that you agree you submitted, despite my annotations and notes found on some of them? If you do not accept that you submitted these, please forward original copies that you submitted that have your numbering on them as confirmed in your letter.

Once you have replied to this I will send yet another copy of the bundles that you claim are in storage so you have the full set of bundles.

Sincerely,

Richard Perry

2 March 2017

Dear Sir

**Application for Permission to Appeal against ECRO
CH-2016-000189; and IP-2015-000090**

We acknowledge receipt of your letter dated 1 March 2017. In this letter you raise 2 queries. Firstly, asking if the court received the documents listed under tabs 12, 13, 17 and 20, and secondly, if these documents are in fact true copies.

In respect to your first query, we have now retrieved and reviewed the trial bundles under action CC13P00980 to locate the documents you list at tabs 12, 13, 17 and 20. We are able to confirm the following in response to your letter:

- The document you list at tab 12, a letter dated 31 August 2004, is included on page 94 in tab 3 of the "X Bundle – Miscellaneous Documents for Trial 23 January 2014" under claim number CC13P00980.
- The document you list at tab 13, an email from Veerke Hostens with attached letter dated 25 July 2012, is partially included on page 4.1.72 in tab 4.1 within "Bundle 2 for Trial 23 January 2014" under claim number CC13P00980. It appears that a copy of the covering email is present in our bundles but a copy of the attached letter is not.
- The document you list at tab 20 is included at tab 4.1 on page number 4.1.89 within "Bundle 2 for Trial 23 January 2014" under claim number CC13P00980.
- We are unable to locate a copy of the document you list at tab 17, an email from Britannia Fasteners dated 9 May 2013 with attachments, in any of our bundles.

Our client's Trial bundles were lodged at court, so we have submitted copies of the documents under tabs 12, 20 and (partially) 13 to the court, but not the email in tab 17.

In respect to your second query, subject to your manuscript notes, the items listed in your bundle appear to be true copies of the documents contained in our trial bundles, save for some minor alterations of page numberings. Additionally, the email that corresponds with the items in tab 17 appears to be laid out slightly differently in our bundles; however the material information is identical.

Yours faithfully

BY POST AND EMAIL

28 February 2017

Dear Sir

Application for Permission to Appeal against ECRC
CH-2016-0001891 and IP-2016-000096

We acknowledge receipt of your letter dated 25 February 2017 attaching a bundle of documents with tabs 1-20. We also acknowledge receipt of your letter dated 28 February, sent by email.

You ask for our confirmation that all of the documents in this bundle were submitted to the Court by the firm either in action GC13P00986 and/or the related bankruptcy proceedings at Bath and Bristol County Courts. We enclose the index for the bundle for the trial on 23 January 2014. The bundles are in storage and we are unable to retrieve them in the time you have specified.

The documents at tabs 1 - 14, 17-18, 19 and 19 all appear to have been included in the original trial bundle. We are unable to confirm that the documents at tabs 12, 13, 17 and 20 were included in any court bundle.

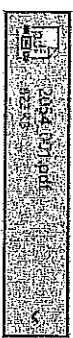

We understand that the oral hearing on 9 March is limited to seeking permission to appeal against the Extended Civil Restraint Order made on 25 September 2015. As we stated in our letter to the Court dated 24 February, the application which you have issued to seek fresh evidence was incorrectly issued since it did not comply with the terms of the ECRC. You have now written to HHJ Hacon requesting the court to grant permission, and he has indicated that another judge will have to make that decision. We believe that a decision will need to be made by that judge on the papers. If you have not received that decision before the hearing on 9 March, we do not believe that the court hearing your application for permission to appeal can rule on whether or not your application to seek fresh evidence should be allowed to be issued or not.

If and to the extent that the Court wishes to hear our views on your proposed application, on the basis of the material that you have sent to us we consider your proposed application for fresh evidence to be utterly without foundation and a waste of the Court's time and resources. In your letter to Mr J. Adair 24

RE: Reply to your letter of 2nd March 2017 - 20 section white numbered bundle.

CH2016 000189 / IP2015000090

Dear Sirs,

Again, thank you for your letter this morning of 2nd March 2017 that confirms you submitted the original documents, of which copies are found in the 20 section white numbered bundle, to the court to issue proceedings against me or use in proceedings against me known as CC13P00980 and the further related proceedings.

As I had already posted all of the bundles to you yesterday, I have now reserved you the 13 page document which is our recent correspondence verifying the documents in the 20 Section white numbered bundle, that has become 15 pages numbered:

1A, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 10A, 11, 12, 13.

I have also enclosed a copy of my proposed questioning for one of the conspirators which is a copy of the 36 page bundle filed at the court last week. I filed a copy of this with the court and mistakenly thought that you didn't have to have a copy, but as you've now verified all of the documents which form a large part of the questioning (in relation to the documents found in the 20 section white numbered bundle) you may as well have a copy of it now.

I have filed this with the court today.

Sincerely,

Richard Perry

Claimant

Dear Amrit,

Thank you for copying me in.

I have a question about the bundle and any missing documents to put to Mr. Wheeler below:

Dear Mr. Wheeler,

In relation to all correspondence before you or your firm Collyer Bristow LLP contacted me on 15th October 2012 or issued proceedings against me in 2013 known as CC13P00980:

Q. Can you tell me: Do you have ANY other letters or ANY correspondence WHATSOEVER from myself to your only client in 2012, FH Brundle, alleging ANY OFFENCE OF ANY KIND prior to 5th October 2012?

I will need any of this correspondence for the bundle. I don't believe there is any or at least I can't find any.

Sincerely,

Richard Perry

Thank you Mr. Wheeler - you've been very helpful.

I have put in the post a revision of the 13 page document that is our recent correspondence wherein you have verified all of the documents found in the 20 Section white numbered bundle as true and accurate etc. and that you and your firm issued in court and used to issue proceedings against me. The 13 page document is now a 15 page document including the last two letters of yesterday.

There is also a copy of the 36 page document that I submitted to the court last week which was my proposed witness questioning for someone, and I thought you may as well have a copy of it in advance.

There is a skeleton argument to follow and one or two emails and a copy of this dialogue.

You and your clients have a full week now before my oral appeal on 9th March. If you finally decide to own up to what you've done to me, i will be available to negotiate a settlement and proceedings could be stopped. You have my latest cross demand and you are aware of the level of horrendous losses that i've suffered. The type of compensation I am willing to accept would be at least double my last offer that you declined. This isn't the maximum and it isn't the minimum and it isn't the pittance I have been offering as a settlement. This is just a midway reasonable sum of money based on value of my portfolio etc. I have offered your firm and your clients many many chances to settle this over the last 5 years. Any settlement will be net of CG tax.

Know when you're beat, Mr. Wheeler. It's up to you.

Thank you for confirming that there isn't any other correspondence alleging any offence from myself to FH Brundle at any time prior to 5th October 2012.

Sincerely,

Richard Perry
